

Distinctively
Green Certified

The Distinctively Green Difference...IS IN THE DETAILS.

To help you see the difference a sincere commitment to green living can make, look for these Distinctively Green icons in our Sales Centre and Show Home. For property owners, they signal the cost savings and enhanced comfort that come with being mindfully green.

Eco-Energy Wise

Built Better

Healthier

Metal-clad vinyl, low-e, dual-pane windows combine durability with superior thermal resistance and unparalleled UV protection to guard your household items against sun damage. Distinctive Homes selects Ply Gem Windows, which meld classic style with a proven track record of performance and reliability.

Prefinished hardwood flooring and low-VOC interior paints reduce unhealthy toxins and help create a healthy indoor environment.

Premium brand names in every Distinctive Home are your assurance of quality, dependability and exceptional performance. Better than the rest...that's Distinctive Homes' commitment to you.

GE Profile appliances deliver precision craftsmanship, distinctive styling and product innovations that help you create memorable experiences and unforgettable meals.

Energy Star refrigerators, dishwashers and washing machines are 40% more efficient than national standards, so reducing your utility costs every day becomes virtually effortless.

Low-flow faucets, showerheads and toilets maximize water pressure while minimizing water usage.

HRV (heat recovery ventilation) system exhausts unhealthy stale air and supplies fresh air to your home 24 hours a day. It also regulates humidity levels and balances internal air pressure to minimize the risk of harmful mould.
